### Explanatory note

*This note is not part of the regulations, but is intended to indicate their general effect.*

These regulations, which come into force 28 days after the date of their notification in the *Gazette*, amend the Fisheries (Southland and Sub-Antarctic Areas Amateur Fishing) Regulations 1991.

*Regulation 2* revokes and replaces regulation 2 of the principal regulations, which relates to the application of those regulations. The new provision ensures that the principal regulations apply to the possession of fish as well as the taking of fish.

*Regulation 3* inserts into regulation 3 of the principal regulations a definition of the term **Act**. The term includes the Fisheries Act 1996 as well as the Fisheries Act 1983.

*Regulation 4* substitutes a new *regulation 4* in the principal regulations, which allows a person to take, on any day, a limited number of fish from an area, be in possession of that number of fish while in that area, or be in possession of that limited number of fish if they have been taken from that area. The principal reason for replacing regulation 4 is to make it consistent with the corresponding regulation in the other regional amateur fisheries regulations.

*Regulation 5* amends regulation 7 of the principal regulations (which relates to offences) to provide that,—

- on or after 1 June 2002, a person who has reoffended within a period of 3 years is liable on conviction to a fine of \$10,000; and
- the penalty for repeat offenders applies only to offences carrying a maximum fine of \$5,000.

*Regulation 6* effects a consequential revocation.
