Michael Webster,
Clerk of the Executive Council.

Explanatory note

This note is not part of the regulations, but is intended to indicate their general effect.

These regulations, which come into force on 1 July 2014, prescribe the rates of road user charges payable under the Road User Charges Act 2012 (the **Act**)—

- for distance licences for RUC vehicles; and
- for additional weight carried by combination vehicles operating under an additional licence.

These regulations revoke and replace the Road User Charges (Rates) Regulations 2013. The rates prescribed in these regulations increase road user charges by an average that is equivalent to the 3 cents per litre increase in fuel excise duty on petrol, which is to take effect at the same time.

Under section 85(4)(a) of the Act, the regulations will expire on the close of 31 December 2014 unless they are expressly confirmed by an Act of Parliament passed before that date.

Regulatory impact statement

The Ministry of Transport produced a regulatory impact statement on 28 April 2014 to help inform the decisions taken by the Government relating to the contents of these regulations.
