Schedule 1
Species endangered by trade

s 3(1)

The classes, families, and species listed in this schedule are arranged in descending order by class then in alphabetical order by order, family, and species. This order of arrangement is adopted in the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES).

The entries in the column headed "Exceptions/limitations" have the effect of either—

- (a) excluding nominated populations in the listed species; or
- (b) limiting the applications of the listed species to only those populations nominated; or
- (c) excluding certain species from a generic listing; or
- (d) excluding nominated varieties of specimens of the listed species.

Schedule 2

Species threatened by trade

s 3(1)

The classes, families and species listed in this schedule are arranged in descending order by class then in alphabetical order by order, family, and species. This order of arrangement is adopted in the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES).

The entries in the column headed "Exceptions/limitations" have the effect of either—

- (a) excluding nominated populations in the listed species; or
- (b) limiting the applications of the listed species to only those populations nominated; or
- (c) excluding certain species from a generic listing; or
- (d) excluding nominated varieties of specimens of the listed species; or
- (e) limiting the application of the listed species to only those categories of specimens nominated.

Notes

When a species is included in one of the schedules, all parts and derivatives of the species are also included in the same schedule unless the species is annotated to indicate that only specific parts and derivatives are included. The symbol # followed by a number placed against the name of a species or higher taxon included in Schedule 2 or 3 refers to a footnote that indicates the parts or derivatives of plants that are designated as “specimens” subject to the provisions of CITES.

- 1 All parts and derivatives except—
 - (a) seeds, spores, and pollen (including pollinia); and
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers; and
 - (c) cut flowers of artificially propagated plants; and
 - (d) fruits and parts and derivatives thereof of naturalised or artificially propagated plants of the genus *Vanilla*.
- 2 All parts and derivatives except—
 - (a) seeds and pollen; and
 - (b) finished products packaged and ready for the retail trade.
- 3 Whole and sliced roots and parts of roots.

Schedule 2—continued

- 4 All parts and derivatives except—
 - (a) seeds (including seedpods of Orchidaceae), spores, and pollen (including pollinia). The exemption does not apply to seeds from Cactaceae spp. exported from Mexico, and to seeds from *Beccariophoenix madagascarensis* and *Neodypsis decaryi* exported from Madagascar; and
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers; and
 - (c) cut flowers of artificially propagated plants; and
 - (d) fruits and parts and derivatives thereof of naturalised or artificially propagated plants of the genus *Vanilla* (Orchidaceae) and of the family Cactaceae; and
 - (e) stems, flowers, and parts and derivatives thereof of naturalised or artificially propagated plants of the genera *Opuntia* subgenus *Opuntia* and *Selenicereus* (Cactaceae); and
 - (f) finished products of *Euphorbia antisiphilitica* packaged and ready for retail sale.
- 5 Logs, sawn wood, and veneer sheets.
- 6 Logs, sawn wood, veneer sheets, and plywood.
- 7 Logs, wood chips, powder, and extracts.
- 8 Underground parts (ie, roots, rhizomes): whole, parts, and powdered.
- 9 All parts and derivatives except those bearing a label “Produced from Hoodia spp. material obtained through controlled harvesting and production in collaboration with the CITES Management Authorities of Botswana/Namibia/South Africa under agreement no. BW/NA/ZA xxxxxx”.
- 10 Logs, sawn wood, veneer sheets, including unfinished wood articles used for the fabrication of bows for stringed musical instruments.
- 11 Logs, sawn wood, veneer sheets, plywood, powder, and extracts.
- 12 Logs, sawn wood, veneer sheets, plywood, and essential oil (excluding finished products packaged and ready for retail trade).
- 13 Kernel and any derivative thereof.

Schedule 3

Species exploited by trade

s 3(1)

The classes, families, and species listed in this schedule are arranged in descending order by class then in alphabetical order by order, family, and species. This order of arrangement is adopted in the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES).

The countries listed in the column headed "Exceptions/limitations and Countries requiring export permit" are parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora that require an export permit to authorise trade in the species listed in the schedule. Trade in the species in relation to other countries that are party to the Convention requires a certificate of origin.

Notes

When a species is included in one of the schedules, all parts and derivatives of the species are also included in the same Schedule unless the species is annotated to indicate that only specific parts and derivatives are included. The symbol # followed by a number placed against the name of a species or higher taxon included in Schedules 2 or 3 refers to a footnote that indicates the parts or derivatives of plants that are designated as “specimens” subject to the provisions of CITES.

- 1 All parts and derivatives except—
 - (a) seeds, spores, and pollen (including pollinia); and
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers; and
 - (c) cut flowers of artificially propagated plants; and
 - (d) fruits and parts and derivatives thereof of naturalised or artificially propagated plants of the genus *Vanilla*.
- 2 All parts and derivatives except—
 - (a) seeds and pollen; and
 - (b) finished products packaged and ready for the retail trade.
- 3 Whole and sliced roots and parts of roots.

Schedule 3—continued

- 4 All parts and derivatives except—
 - (a) seeds (including seedpods of Orchidaceae), spores, and pollen (including pollinia). The exemption does not apply to seeds from Cactaceae spp. exported from Mexico, and to seeds from *Beccariophoenix madagascarensis* and *Neodypsis decaryi* exported from Madagascar; and
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers; and
 - (c) cut flowers of artificially propagated plants; and
 - (d) fruits and parts and derivatives thereof of naturalised or artificially propagated plants of the genus *Vanilla* (Orchidaceae) and of the family Cactaceae; and
 - (e) stems, flowers, and parts and derivatives thereof of naturalised or artificially propagated plants of the genera *Opuntia* subgenus *Opuntia* and *Selenicereus* (Cactaceae); and

Rebecca Kitteridge,
Clerk of the Executive Council.

Explanatory note

This note is not part of the order, but is intended to indicate its general effect.

This order substitutes new schedules in the Trade in Endangered Species Act 1989. The new schedules specify the order to which species belong, update the lists of endangered, threatened, and exploited species, and amend terminology to reflect more accurately that used in the Convention on International Trade in Endangered Species of Wild Fauna and Flora.

The order comes into force on the 28th day after its notification in the *Gazette*.

Issued under the authority of the Legislation Act 2012.
Date of notification in *Gazette*: 13 October 2011.

Reprints notes

1 *General*

This is a reprint of the Trade in Endangered Species Order 2011 that incorporates all the amendments to that order as at the date of the last amendment to it.

2 *Legal status*

Reprints are presumed to correctly state, as at the date of the reprint, the law enacted by the principal enactment and by any amendments to that enactment. Section 18 of the Legislation Act 2012 provides that this reprint, published in electronic form, has the status of an official version under section 17 of that Act. A printed version of the reprint produced directly from this official electronic version also has official status.

3 *Editorial and format changes*

Editorial and format changes to reprints are made using the powers under sections 24 to 26 of the Legislation Act 2012. See also <http://www.pco.parliament.govt.nz/editorial-conventions/>.

4 *Amendments incorporated in this reprint*
