### **Explanatory note**

This Supplementary Order Paper makes various amendments to the Housing Accords and Special Housing Areas Bill. These include minor or technical changes, consequential and consistency changes, and other changes to improve drafting. The other main effects of the Supplementary Order Paper are as follows:

- to provide certainty, *clause 2* is amended to specify the date for the commencement of the Bill as 16 September 2013, to repeal *clauses 16 and 17* (which provide for special housing areas to be established) on 16 September 2016, and to repeal the remaining provisions of the Bill on 16 September 2018. Currently, *clause 2* provides for the Bill to come into force on the day after the Bill receives the Royal Assent and fixes the times that *clauses 16, 17*, and the remaining provisions of the Bill are repealed by reference to the expiry of periods of time after date of Royal assent:
- in *Clause 5*, the definitions of proposed Auckland combined plan and proposed plan are amended to align with new Part 4 of the Local Government (Auckland Transitional Provisions) Act 2010, which sets out the process for developing the first combined plan for Auckland. As soon as the plan is initially prepared and publicly notified it falls within the definition of a proposed plan in the Bill. All amendments to the plan and variations to the plan, are as the latter are publicly notified, become part of the proposed plan for the purposes of the Bill:
- *new subclause (1A)* of *clause 5* fixes every reference in the Bill to the Resource Management 1991 as a reference to that Act as in force on 4 September 2013:
- in *clause 15*, *new subclause 2A* provides for an Order in Council declaring a special housing area to prescribe, as one of the criteria for qualifying developments in the special housing area or a part of it, the percentage of dwellings in the development that must be affordable dwellings according to the affordability criteria specified in the Order in Council. Those criteria may include criteria defined by reference to matters relevant to affordability as it applies to the district in which the special housing area falls, the particular special housing area, or a part of the special housing area:

**Proposed amendments to the  
Housing Accords and Special Housing  
Areas Bill**

---

- *clause 39* provides for different dates for notification of a resource consent decision depending on whether the application was notified. This better aligns with the equivalent provision in the Resource Management Act 1991:
- *clause 40* is amended to clarify when a resource consent commences where there is a right of appeal to the Environment Court against the decision of an authorised agency under *clause 76*:
- *clause 61* is amended to ensure that an accord territorial authority, when considering a request for a plan change or a variation to a proposed plan under subpart 3 of Part 2, considers the matters in Part 2 of the Resource Management Act 1991 and gives those matters greater weight than the other matters (except the purpose of the Act) to which it must have regard (*clause 61(4)(ab)*). This re-aligns the clause with the policy in the Bill as introduced:
- *new clause 85A* clarifies that all documents that the chief executive of the Ministry responsible for administering the Act signs or issues when exercising the chief executive's functions and powers as an authorised agency under the Act transition to the relevant territorial authority when the chief executive ceases to be the authorised agency as if they had been signed or issued by the territorial authority. The clause also provides for the transition of a bond and associated security or guarantee given to the chief executive when acting in that capacity:
- the members of an Accord Territorial Authority Panel are required, collectively, to have appropriate knowledge and expertise relating to the Treaty of Waitangi (Te Tiriti o Waitangi) and tikanga Maori. This requirement is additional to the expertise in relation to planning, design, and engineering referred to in the Bill as introduced (*clause 86*):
- *clause 88* is amended to provide that, in addition to the power to prescribe provisions of the Resource Management Act 1991 that apply in respect of matters under the Bill, regulations may also be made—
  - prescribing provisions of that Act that no longer apply in respect of matters under the Bill:

**Proposed amendments to the  
Housing Accords and Special Housing  
Areas Bill**

---

- providing that provisions of that Act as in force at a date other than 4 September 2013 may be applied or disapplied;
- prescribing fees for lodging appeals under *clause 76 (clause 88(ba))*.

**Departmental disclosure statement**

The Ministry of Business, Innovation, and Employment considers that a departmental disclosure statement is not required to be prepared for this Supplementary Order Paper.

**The Honourable Minister, in Committee, to propose the amendments shown in the following document.**

## Transitional provisions

- 1 Transitional provisions relating to disestablishment of special housing area**
- (1) No application or request may be made under **section 24 or 61** in relation to a qualifying development in a special housing area after the date that the relevant special housing area is disestablished (the **disestablishment date**).
- (2) However, despite the disestablishment of a special housing area,—
- (a) **Part 2** continues to apply in respect of any existing application, request, or other matter provided for in **Part 2** and, for this purpose,—
- (i) the agency that was authorised to perform a function or exercise a power under **Part 2** before the disestablishment date continues to be the authorised agency after that date; and
- (ii) any criterion prescribed under **section 15** for qualifying developments in the special housing area or a part of the special housing area continues to apply; and
- (b) the authorised agency must continue to accept and process all—
- (i) applications made under **section 51**; and
- (ii) requests made under **section 57**; and
- (iii) objections made under **section 79**.
- (3) **Subsection (1)** does not prevent the lodging of a concurrent application related to a request that was made under **section 61** before the disestablishment date.
- 2 Transitional provisions relating to termination of housing accord**
- (1) This clause applies if—
- (a) the Minister or an accord territorial authority gives public notice of an intention to terminate a housing accord in accordance with **section 13**; and

- (b) a special housing area within the district of the accord territorial authority is not disestablished on or before the date of the public notice (the **public notice date**).
- (2) If a person applies for a resource consent under **section 24**, the authorised agency for the resource consent application is—
  - (a) the accord territorial authority, if the application is made in the 3-month period starting on the day after the public notice date; and
  - (b) the chief executive, if the application is made after the end of the 3-month period referred to in **paragraph (a)**.
- (3) Despite **subclause (2)(b)**, the accord territorial authority remains the authorised agency for an application for a resource consent made under **section 24** ~~between the public notice date and the date that the housing accord terminates (the **termination date**)~~, if that application is made in conjunction with a request for a plan change or a variation to a proposed plan under **section 61** that is made before the date that the housing accord terminates (the **termination date**).
- (4) The accord territorial authority must not accept new applications made under **section 24** or requests made under **section 61** after the termination date.
- (5) Despite the termination of a housing accord,—
  - (a) the former accord territorial authority must continue to comply with **Part 2** in respect of—
    - (i) all resource consent applications (including applications made in conjunction with a request for a plan change or variation of a proposed plan under **section 61**), requests, objections, and other matters provided for in **Part 2** that exist at the public notice date; and
    - (ii) all resource consent applications and requests to which **subclauses (2)(a) and (3)** apply; and
  - (b) accept and process the following in respect of the resource consent applications referred to in **paragraph (a)**:

- (c) **Part 2** continues to apply for the purposes of **paragraphs (a) and (b)** as if the former accord territorial authority were still an authorised agency.
  - (6) **Subclause (5)(b)(iii)** is subject to **clause 3**.
- 3 Right to elect who considers objections against decisions, etc, of accord territorial authority after termination of housing accord**
- (1) In this clause **right of objection** means a right of objection under **section 78** against a decision made, or other action referred to in that section taken, by the accord territorial authority acting in the capacity of authorised agency.
  - (2) A person who, at any time after the housing accord terminates, exercises a right of objection by giving notice in writing in accordance with section 357C of the Resource Management Act 1991 (as applied by **section 79** of this Act) (an **objector**) may elect to have the chief executive consider and make a decision on the objection rather than the accord territorial authority.
  - (3) An objector who wants the chief executive to consider and make a decision on the objection must state in the notice referred to in **subclause (2)** that the objector elects to have the objection considered and heard by the chief executive.
  - (4) A notice of objection that does not include a statement electing the chief executive must be heard and considered by the accord territorial authority.
  - (5) If a person elects to have an objection against a decision or other action of an accord territorial authority considered and decided by the chief executive,—
    - (a) the accord territorial authority must provide the chief executive with all information that it holds in respect of the decision or other action objected to; and
    - (b) the accord territorial authority must, as soon as practicable after the chief executive requires it to do so, provide any further information that the chief executive reasonably considers to be necessary to allow the objection to be considered and decided on and that the accord territorial authority holds.

- (6) For the purposes of **sections 74(1)(da), 79, and 80**, the chief executive is deemed to be the authorised agency in respect of all objections that persons elect under this clause to have considered and decided by the chief executive.

**4 Regulations for transitional purposes**

- (1) In this clause, **transition**, in relation to any matter dealt with in this Act means the transition from the relevant law that applies in respect of the matter immediately before this Act is repealed, or any provision relevant to the matter is repealed or no longer applies or has the same effect in respect of the matter, to the law that applies or has an effect after that event.
- (2) The Governor-General may, by Order in Council made on the recommendation of the Minister, make regulations prescribing transitional or savings provisions that apply (in addition to, or in substitution for, any other transitional provisions in this schedule) for the purpose of facilitating or ensuring an orderly transition.
