

annual fee of 20s. No journeyman shall do any such work unless he shall be first approved of by the Waterworks Turncock, and shall have received from him a certificate of competency, for which he shall pay a fee of 2s. 6d.

28. Every licensed plumber shall forward a monthly return, on forms supplied to him, of the work he has done during the preceding month, to the office of the Board, and shall not be entitled to do any work in connection with the waterworks while he makes default in complying herewith.

No person unless duly licensed by the Board shall attach or alter any service pipe or in any other way interfere with any pipe, tap, or cock, or any matter or thing connected with the water-supply.

29. No plumber shall do any work connected with the water-supply without giving to the Board at least one clear day's notice thereof, and receiving written authority to do such work from the officer appointed by the Board.

30. Plumbers shall be responsible for all damage done or caused by them in performing any work whatever, either through bad workmanship or inferior material.

31. All joints on lead pipes must be properly wiped. Plumbing joints and all overflow pipes from cisterns shall deliver clear of the roof, and not be connected with any downpipe or spout.

32. All work shall be done to the satisfaction and approval of the Waterworks Engineer or other officer appointed by the Board, and must be passed by him before the water shall be turned on at the main.

33. All drawing-cocks used must be of the best quality and most approved description, and must be those known as "screw-down" high-pressure cocks, and must be enclosed in an earthenware or iron box or a tarred wooden box (at the discretion of the Board).

34. In addition to the stop-cock at the junction of the main in each service, a second stop-cock shall be placed in a strong box at and outside of the boundary of the property supplied, at the expense of the consumer.

35. In no case will the use of instantaneous closing taps, valves, or cocks be permitted. Galvanized-iron piping of an approved quality only will be allowed for external services, and of the requisite sizes suitable to the requirements of the tenements, as shall be determined by the Engineer or other officer appointed by the Board.

36. No direct connection shall be made with any steam boiler or water-engine except by special consent of the Board, nor under any circumstances shall any connection be made whereby any water may be conveyed from any pipe to any water-closet.

37. No two or more dwellinghouses shall be connected off one service.

#### Repairs.

38. Upon receiving notice from any officer appointed by the Board to do so, the person or persons receiving such notice shall forthwith repair any service pipe, meter, tap, or other fixing used in the supply of water to any premises owned or occupied by him or in his charge, care, or control, or in which he shall be in any manner interested, and in default of so doing shall be liable to have the water cut off.

#### Waste of Water.

39. No person shall cause or permit or wilfully or negligently allow any waste, or permit any unnecessary use of the water to take place, either by allowing any cistern or other vessel to overflow, or the water to run from any tap, cock, valve, pipe, work, or engine, or in any other manner cause or permit waste of water.

#### Wrong or False Information.

40. No person shall give to any officer of the Board false information upon any matter pertaining to water-supply.

The above by-laws were made by special order of the Tamaki West Road Board, the resolution to make the same having been passed at a special meeting of the said Board held on the 8th day of August, 1913, and confirmed at a subsequent meeting thereof on the 12th day of September, 1913.
