*Authorizing the Devonport Borough Council to erect Electric Lines within the Borough of Devonport.*

**LIVERPOOL, Governor.**  
**ORDER IN COUNCIL.**

At the Government House, at Wellington, this eighth day of December, 1913.

Present :  
HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS by section two of the Public Works Amendment Act, 1911, it is provided that no person shall lay, construct, put up, place, or use any electric line except under the authority of a license issued by the Governor in Council under that Act: And whereas the Devonport Borough Council (hereinafter referred to as "the Council") desires to erect electric lines within the Borough of Devonport, and it is expedient accordingly to issue a license in respect thereof under the said section:

Now, therefore, in pursuance and exercise of the powers conferred upon him by the said section, and of all other powers enabling him in that behalf, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth, subject to the conditions set forth in the Schedule hereto, hereby authorize the Council to erect, construct, lay down, and maintain electric lines for lighting and power purposes within the Borough of Devonport, the routes of the electric lines at present proposed to be erected being shown by means of white dotted lines on the plan marked P.W.D. 33956, deposited in the office of the Minister of Public Works, at Wellington, in the Wellington Provincial District.

**SCHEDULE.**

CONDITIONS.

1. IN the following conditions—
  - "Consumer's wires" means any electric line on a consumer's premises which is connected to the service lines of the Council.
  - "Pressure" means the difference of electrical potential between any two conductors through which a supply of energy is given, or between any part of either conductor and the earth.
  - "Inspecting Engineer" means the Engineer or other officer appointed by the Minister for the purpose of inspecting the works to be constructed or maintained by the Council.
  - "Minister" means the Minister of Public Works.
  - "Telegraph" includes telephone.
- Any metallic body to be "efficiently connected with earth" shall be connected with the general mass of the earth in such manner as will ensure at all times an immediate and safe discharge of electrical energy.
2. The supply of electrical energy shall be given to private consumers by means of direct current on the three-wire system, at a pressure of 230 volts effective between each of the outer wires and the neutral and 460 volts between the two outer wires. The declared voltage at the consumer's terminals shall be 230 and 460 volts respectively.
3. The neutral wire shall be efficiently insulated throughout its length, and shall be earthed only at the power-station. The earth connection shall be provided with a switch for cutting off the earth connection for testing, and with a recording ammeter reading to a maximum of 5 amperes.
