Bonus for the Production of Mineral Phosphate.—Notice No. 1749.

Department of Agriculture, Industries, and Commerce,
Wellington, 29th June, 1914.

THE following bonus is hereby offered for the discovery and working within the Dominion of a deposit or deposits of marketable mineral phosphate, viz. :—

£500 if on land on which the Crown is entitled to such deposits;

£250 if on other land.

The following are the conditions under which the bonus is offered and will be paid :—

1. That no fertilizer containing material from the deposit, or from any deposit in the neighbourhood, has been placed upon the market previous to the date hereof.
2. That the raw material is reasonably accessible and can be worked at a profit.
3. That a committee to be appointed by the Minister of Agriculture to examine the deposit is satisfied that there is sufficient to meet all ordinary demands of the Dominion for five years.
4. That the fertilizer made from the phosphate can be disposed of at a price which will allow of its being remuneratively used for agricultural purposes.
5. That the composition of the phosphate averages not less than 50 per cent. of phosphate of lime (tricalcic phosphate); provided, however, that should a phosphate of a lower average composition be discovered, the committee may recommend that a portion of the bonus be granted.
