

Total half-yearly rental, £236 0s. 6d. Payment for broken period from 15th to 30th June, 1915, amounting to £19 8s., will also have to be paid.

Improvements that go with the sections consist of boundary and internal fencing valued at £446 15s.

Part of Hillersden Settlement, situated about thirty-five miles from Blenheim. Homestead Block: Section 13 consists of good even land, free of stone. The lower terrace is good silt ground, suitable for lucerne. The upper, or "Bounds," block (Section 13A) is very largely capable of grassing and substantial improvement. The lower and middle portion of 13A is really nice country, comprising good slopes and generally good sweet tussock country which, if well handled, could be turned to much account. Good tussock extends right to the top of range, excepting around the "Bounds" Peak, which is practically useless. The country lies well, generally facing west and north-west.

Form of lease may be perused and full particulars ascertained at this office.

H. G. PRICE,
Commissioner of Crown Lands.

Land in Glenmark Settlement, Canterbury Land District, open for Selection on Renewable Lease.

District Lands and Survey Office,
Christchurch, 3rd May, 1915.

NOTICE is hereby given that the undermentioned land is open for selection on renewable lease under the provisions of the Land Act, 1908, and the Land for Settlements Act, 1908, and amendments; and applications will be received at this office and at the local Lands and Survey Office, Timaru, up to 4 o'clock p.m. on Wednesday, the 9th June, 1915.

SCHEDULE.

IMPROVEMENTS.

The improvements that go with the land are: Section 1, 530 chains of fencing valued at £109 6s. 3d.; Section 2, 174 chains of fencing valued at £66 2s. 6d.; Section 3, 43 chains of fencing valued at £16 2s. 6d.; Section 5, 250 chains of fencing valued at £46 17s. 6d.; Section 6, 194 chains of fencing valued at £52 2s. 6d.; Section 7, 219 chains of fencing valued at £55 13s. 9d.; Section 8, 297 chains of fencing valued at £64 3s. 9d.; Section 9, 144 chains of fencing valued at £34 17s. 6d.; Section 10, 403 chains of fencing valued at £96 15s.; Section 11, 260 chains of fencing valued at £77 4s.; Section 12, 75 chains of

fencing valued at £22 10s.; Section 13, 276 chains of fencing valued at £69 17s. 6d.; Section 14, 34 chains of fencing valued at £7 2s.; Section 15, 426 chains of fencing valued at £132 12s.; Section 16, 186 chains of fencing valued at £28 9s.; Section 17, 162 chains of fencing valued at £34; Section 18, 46 chains of fencing valued at £12 12s.; Section 19, 148 chains of fencing valued at £40 19s.; Section 20, 67 chains of fencing valued at £15 18s.; Section 21, 105 chains of fencing valued at £29 17s. 9d.; Section 22, 125 chains of fencing valued at £29 1s. 3d.; Section 23, 76 chains of fencing valued at £14 5s.; Section 24, 232 chains of fencing valued at £61 13s. 9d.; Section 26, 18 chains of fencing valued at £4 5s.; Section 27, 62 chains of fencing valued at £11 12s. 6d.

There is also a small hut on Section 15 and also one on Section 24, and a dip valued at £50 on Section 12.

DESCRIPTIONS OF SECTIONS.

Section 1.—About 90 acres good, flat, agricultural land; remainder good pastoral tussock country; limestone formation, undulating, with steep faces. Altitude, 350 ft. to 1,800 ft. Well watered by springs and creeks. Four miles and a half from Waipara Railway-station—three miles by good formed road, and a mile and a half by road shortly to be formed.

Section 2.—All good agricultural and pastoral undulating limestone country, in grass and tussocks; about half ploughable. Altitude, 300 ft. to 600 ft. Well watered by a running creek. Three miles and three-quarters from Waipara Railway-station, three miles of which is by good road, and three-quarters of a mile by road shortly to be formed.

Section 3.—Good undulating pastoral limestone tussock country, a small portion of which is ploughable. Altitude, 370 ft. to 750 ft. Well watered by running creeks and water-holes. Five miles and a quarter from Waipara Railway-station—three miles by good road, and two miles and a quarter by road shortly to be formed.

Section 4.—Good undulating pastoral limestone tussock country, a small portion of which is ploughable. Altitude, 340 ft. to 750 ft. Well watered by running creeks. Six miles from Waipara Railway-station—three miles by good formed road, and three miles by road shortly to be formed.

Section 5.—Good undulating limestone pastoral tussock country, a small portion of which is ploughable. Altitude, 340 ft. to 900 ft. Well watered by running creeks and water-holes in gullies. Six miles and three-quarters from Waipara Railway-station—three miles by good formed road, and balance by road shortly to be formed.

Section 6.—Good agricultural and pastoral limestone downs, partly in tussock, and nearly all ploughable. Altitude, 320 ft. to 450 ft. Well watered by running creek. Four miles and a quarter from Waipara Railway-station—three miles by good formed road, balance by road shortly to be formed.

Section 7.—Good agricultural and pastoral limestone downs, partly in tussock, and nearly all ploughable. Altitude, 320 ft. to 450 ft. Well watered by running creek. Three miles and three-quarters from Waipara Railway-station—three miles by good formed road, balance by road shortly to be formed.

Section 8.—Good agricultural and pastoral limestone downs, partly in tussock, and nearly all ploughable. Altitude, 300 ft. to 550 ft. Well watered by lagoon and running creek. Three miles from Waipara Railway-station by good formed road.

Section 9.—About 100 acres flat or slightly undulating, balance tussock downs broken by gullies. Somewhat shallow soil, on limestone formation. Altitude, 400 ft. to 800 ft. Watered by good spring near northern boundary. Two miles from Waipara Railway-station by road shortly to be formed.

Section 10.—About 150 acres of undulating agricultural land, remainder tussock hills broken by gullies. Somewhat shallow soil on limestone formation. Altitude, 400 ft. to 800 ft. No water on section; endeavours are being made to obtain water by boring. Two miles and a half from Waipara Railway-station by road shortly to be formed.

Section 11.—Good level or slightly undulating agricultural land. Soil mostly deep loam on sandy bottom, though somewhat light near western boundary. Altitude, 280 ft. to 350 ft. There is a permanent water-hole near the road, and in many places water could probably be got by sinking. A mile and a half from Waipara Railway-station by good formed road.

Section 12.—All good agricultural land, except 30 acres rendered unploughable by the stream, but most of this carries good feed. Soil is deep loam, on warm sandy bottom. Altitude, 290 ft. to 300 ft. Well watered by stream. Two miles from Waipara Railway-station by good formed road. There is a dip on this section, but the tenant will have to make his own arrangements about the water-supply to it.

Section 13.—All good, practically flat, agricultural land. Deep loam, on warm sandy bottom. Altitude, 250 ft. to
