(7.) The holder of a mining privilege shall not as such holder—

(a.) Have any riparian rights in respect to any watercourse on or adjoining the land comprised in the mining privilege; nor

(b.) Have any right or remedy whatsoever against any person in respect of the discharge of tailings, *débris*, or waste water into any watercourse by such person in the lawfully carrying-on of his mining operations; nor

(c.) Have any right or remedy whatsoever which would prevent any person from freely using for the purpose of transit any natural waterway on or adjoining the mining privilege, but so nevertheless that such user does not unduly interfere with any mining operations lawfully carried on in the waterway by the holder of the mining privilege, and also that where such operations are carried on by means of a dredge, and such user cannot conveniently be exercised without removing the dredge or its moorings, the holder of the mining privilege shall remove the same with all reasonable diligence, and at his own cost in all things; nor

holder for the purposes of his mining operations, or the reasonable exercise of his other rights as such holder:

Provided that the license shall be granted subject to such conditions as the Warden thinks fit to impose in order to prevent such mining operations or the reasonable exercise of such rights being unduly hampered or interfered with by the licensee in acting under the license, and shall in every case be deemed to be granted subject to the condition that, in the event of the surface being at any time required by such holder for the purposes of his mining operations, he may, with the previous authority in writing of the Warden, enter upon and use the same or any specified portion thereof, or the subsoil thereof, upon such terms and conditions as the Warden thinks fit, and upon paying or making provision for the payment of full compensation to such licensee for all damage thereby caused to his buildings, improvements, or mining-works on the land.

(a.) That, except with the previous authority in writing of the Warden, and upon paying or making satisfactory provision for the payment of full compensation to such holder for all damage thereby caused to the surface of the land, or to such holder's buildings, improvements, or mining-works on the land, the licensee will not, in acting under the license, enter upon or disturb the surface of the land or carry on mining operations within such distance of the surface as the Warden prescribes; and also

(b.) That such holders shall be entitled to receive full compensation from such licensee for all damage done to the surface of the land, or to such holder's buildings, improvements, and mining-works thereon, by the licensee in acting under the license.
