

Block IX.

Section 1.—Hilly land, steep in parts; good flat of about 60 acres on river-bank; all well grassed, except the flat, which is in milled-out bush. Good soil, on papa and limestone formation; the stream in the section is not permanent.

Section 2.—Hilly land, steep in places; good flat of about 30 acres on river-bank; all well grassed. Fair soil, on papa and clay formation; no permanent water except river.

Section 3.—Hilly land, steep in places; good flat of about 30 acres; all in grass. Fair soil, on papa and clay formation; no permanent water except river.

GENERAL DESCRIPTION.

The land lies on the west bank of the Wainuioru River, from twenty-one to twenty-three miles south of Masterton. It is approached from there or from Carterton, via Gladstone, both of which towns are the same distance away—fifteen miles by metalled dray-road, four miles by formed dray-road, and the remainder a surveyed road which is to be formed. From the end of the Admiral Road the access has been acquired through the properties of Messrs. Grace, Strang, and Chennells, and until the road is fenced lessees will have to obtain permission from Mr. Chennells before passing over the properties mentioned. The formation will be continued through to give access to all the sections. The block is good sheep and cattle country. It was in former years under forest, but is now in good pasture, having been grazed in conjunction with the Admiral Station for the last fifteen years by Messrs. Pain and Sutherland. The altitude varies from 270 ft. to 1,600 ft. above sea-level.

Sale posters and full particulars may be obtained from this office.
