*Amending the License authorizing the Dunedin City Council to erect Electric Lines in Part of the Provincial District of Otago.*

LIVERPOOL, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this twelfth day of May, 1919.

Present :

THE HONOURABLE SIR JAMES ALLEN, K.C.B., PRESIDING IN COUNCIL.

WHEREAS it is provided by section two of the Public Works Amendment Act, 1911, that the Governor-General may, by Order in Council gazetted, make regulations prescribing the conditions on which any license may be issued under the said section :

And whereas by an Order in Council dated the thirteenth day of July, one thousand nine hundred and fourteen, and published in the *Gazette* of the sixteenth day of July, one thousand nine hundred and fourteen, the Dunedin City Council was authorized to erect electric lines in part of the Provincial District of Otago subject to certain terms and conditions (hereinafter called the "said terms and conditions") :

And whereas application has been made by the Dunedin City Council to amend the said terms and conditions, and it is expedient to make such amendments accordingly :

Now, therefore, in pursuance and exercise of the powers conferred on him by section two of the Public Works Amendment Act, 1911, and of every other power in anywise enabling him in that behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion doth hereby amend the said terms and conditions as follows :—

AMENDMENTS.

1. Clause 2 : By inserting, after the word "volts" in the sixth line, the words and figures "or 11,500 volts."
2. By substituting the following clause in lieu of clause 4 :—

"4. NEUTRAL WIRES.

"The neutral point of one or more of the generators in service shall be earthed.

"The neutral point of each star connection of the 35,000 volt system shall be earthed at one point and one point only. The neutral of the primary distribution at 3,300 volts or 11,500 volts shall be earthed at least at one point and may be earthed at several points. The earth may be used for the neutral return for transformers not exceeding 20 kilowatts at 1,900 volts or 6,600 volts situated more than four miles from the Chief Post-office, Dunedin. The neutral point of each secondary distributing system shall be earthed at one point and one point only. The earth shall not be utilized as the return for any low-pressure circuits."

3. Clause 8 : By inserting, after the word "volts" in the 27th line, the words and figures "and 11,500 volts."

4. Clause 9 : By substituting in the 5th line the words "extra high pressure" for the words and figures "a pressure of 35,000 volts."
