

to take and use additional water from the Waiwakaiho River in the Land District of Taranaki (hereinafter referred to as "the said river") for the purpose of generating electricity as aforesaid, and also to extend electric lines within the Taranaki County, and it is expedient to issue such license accordingly:

Now, therefore, in pursuance and exercise of the powers conferred upon him as aforesaid, and of the powers conferred by section two of the Public Works Amendment Act, 1911, and of all other powers in anywise enabling him in that behalf, His Excellency the Administrator of the Government of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby grant to the licensee (subject to the terms and conditions set forth in the Schedule hereto) a license to take and use from the said river, for the purposes hereinafter set forth, a stream of water (hereinafter referred to as "the said water") not exceeding two hundred cubic feet per second at any one time (which quantity of water includes the one hundred and fifty cubic feet which the licensee is authorized to take and use by the said Order in Council dated the fourteenth day of September, one thousand nine hundred and fourteen); and also to extend and maintain electric lines for power, lighting, heating, or other uses within the area of supply hereinafter described, and subject also to the regulations dated the twenty-second day of September, one thousand nine hundred and nineteen, and published in the *New Zealand Gazette* dated the twenty-fifth day of September, one thousand nine hundred and nineteen, or any regulations hereafter made in amendment thereof or in substitution thereof (hereinafter collectively referred to as "the regulations"), and which regulations shall be deemed to be incorporated herein; but nothing herein shall be held to guarantee that the said river contains sufficient water to supply two hundred cubic feet per second hereinbefore mentioned.

#### SCHEDULE.

##### 1. PLANS.

THE licensee shall, before the works hereby authorized are commenced, forward for the approval of the Minister of Public Works (hereinafter referred to as "the Minister")—

- (a.) Full detailed drawings and specifications of the diverting weir and dam.
- (b.) Drawings showing how and in what manner the water diverted is to be returned to the said river.
- (c.) Contour-plan showing difference in level of water due to the construction of the headworks.

##### 2. UTILIZATION OF THE WATER.

The said water shall be used solely for the purpose of generating electricity, and shall be returned to the said river at or near the power-house.

##### 3. LOCATION OF HEADWORKS.

The said water shall be taken from the said river at the headworks, situated on the left-hand bank, in part Section 53, Block X, Paritutu Survey District (Hua and Waiwakaiho Hundred), at a point indicated on the plan marked P.W.D. 47602, deposited in the office of the Minister at Wellington, in the Land District of Wellington.

##### 4. GENERAL DESCRIPTION OF WORKS.

The licensee is hereby authorized to construct, maintain, and use the following works for the purposes of this license; the position of the said works being indicated on the plan marked P.W.D. 47602, hereinbefore referred to.

- (a.) Headworks consisting of a dam and necessary intake.
- (b.) Tunnel and pipe-line leading from such dam to the power-house hereinafter referred to.
- (c.) A power-house with all necessary equipment, including water-turbines, generators, transformers, lightning-arresters, switchboards, switches, exciters, and other appliances for generating electricity.
- (d.) Transmission and other lines over the routes shown by means of white lines on the said plan.
- (e.) Such further transmission and other lines within the area of supply as may from time to time be required within such area of supply, and after compliance with the provisions of clause 48 of the regulations.

##### 5. INSPECTION OF WORKS.

The Inspecting Engineer, both during and after the construction of the works, shall have free access to and liberty at any time to inspect the same so as to ensure that the provisions of this license are given due effect to.

##### 6. MAINTENANCE OF WORKS.

After the said works have been completed, the licensee shall maintain the same in proper working-order during the continuance of this license.

B

##### 7. RIGHT TO ENTER LANDS, ETC.

The licensee shall have the right at any time or times during the continuance of this license, with the consent of the Minister, to enter upon any road or other land, whether vested in or occupied by the Crown or any other person or body corporate, and there to construct, erect, lay down, maintain, renew or repair all such transmission-lines, poles, or other things as are required for the transmission of electricity between the generating-stations and any of the sub-stations to which this license applies.

##### 8. POWER TO TAKE LAND.

The licensee is hereby empowered to take, under the Public Works Act, 1908, as for a public work such land as may, in the opinion of the Governor-General, be necessary to enable the licensee to construct and maintain the various works authorized by this license.

##### 9. DURATION OF LICENSE.

This license shall, unless sooner determined in accordance with the provisions hereinafter expressed, continue in force for a period of forty-two years from the date hereof. Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine; but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

##### 10. RENTAL.

The licensee shall, in respect of this license, pay to the Public Works Engineer for the district, or otherwise as the Minister may from time to time require, a rental at the rate of 1s. per annum per kilowatt of maximum output, as recorded by the wattmeter to be installed by the licensee at the power-house mentioned in clause 4 (c) hereof, payment to be made yearly on the 31st day of March in each year, commencing from the day electrical power is first supplied. For the purpose of this clause "maximum output" means twice the number of units generated in the half-hour during which the output is the maximum for the year. The said period shall be recorded at the end of each half-hour commencing from noon of each day.

From the above maximum output in kilowatts shall be deducted 5,000 kilowatts which, under the new conditions, is the equivalent of 150 cubic feet of water per second granted free of rental under the license hereinbefore referred to dated the 14th day of September, 1914; but the minimum rental shall be not less than £10 per annum.

##### 11. GRANTING OF OTHER WATER-RIGHTS.

Nothing herein shall prevent the Governor-General in Council from granting to any person or body corporate other than the licensee a license to take water from any portion of the said river, except at the place where the licensee is by this license empowered to take it; provided that no such license shall so operate as to reduce the natural fall between the headworks and tail-water, or the volume of the water which the licensee is by this license authorized to take from the said river.

##### 12. VARIATION IN CONDITIONS OF LICENSE.

The terms and conditions of this license may at any time or from time to time, at the request or with the consent in writing of the licensee, be altered by the Governor-General by Order in Council.

##### 13. SURRENDER OF LICENSE.

The licensee may at any time, with the consent of the Minister, surrender this license, and shall thereupon, if so required by the Minister, remove from the ground all removable equipment, machinery, buildings, poles, transmission-lines, and other plant herein authorized to be installed or provided. If the licensee fails or neglects so to remove the said plant within twelve months after being required so to do, such equipment, machinery, buildings, poles, lines, and other plant shall, without payment or compensation, vest in and become the property of the Crown.

##### 14. CHARGES FOR ELECTRIC ENERGY.

The retail charge for electrical energy shall not exceed 9d. per unit for lighting purposes, and 4d. per unit for motor-power, heating, or cooking purposes; provided that "lighting purposes" shall include the operation of motor generators for lighting purposes. The wholesale charge for bulk supply shall not exceed £12 per kilowatt per annum.

For the purpose of this license "bulk" supply shall be defined as one for which a consumer guarantees to pay not less than £120 per annum.

At any time upon the expiry of five years from the date of this license, and at the end of every successive period of five years thereafter during the term of this license, the
