

Engine-driver disqualified.

WHEREAS it is provided by section 50 of the Inspection of Machinery Act, 1908, that where it appears to the Board of Examiners constituted under section 48 of the said Act that the holder of a certificate under the said Act is guilty of any offence or misconduct which would render him unfit to be trusted to efficiently perform his duties as such holder the Board may call upon him to show cause why he should not be disqualified, and if he fails to show cause the Board may report the matter to the Minister, who, by notice in the *Gazette*, may disqualify him for such period as he thinks fit, and during the period of disqualification he shall be deemed not to be the holder of such certificate:

And whereas a report has been received from the Board of Examiners, constituted as hereinbefore stated, that the offence of William Victor Hill is such as to render him unfit to be trusted to efficiently perform his duties as a winding-engine driver:

Now, therefore, I, Francis Henry Dillon Bell, Minister in Charge of the Marine and Inspection of Machinery Department, in pursuance of the powers conferred upon me by section 50 of the Inspection of Machinery Act, 1908, do hereby disqualify the said William Victor Hill from holding—

such disqualification to continue until the 6th day of November, 1921; and during the period of disqualification he shall be deemed not to be the holder of the said certificates Nos. 540 and 62.
