

the ninth day of October, one thousand nine hundred and twenty-two, published in the *New Zealand Gazette* of the twelfth day of the same month, or any regulations hereafter made in amendment thereof or in substitution thereof (and hereinafter collectively referred to as "the regulations"), and which regulations shall be deemed to be incorporated herein—herby authorize the Otago Electric-power Board, being an Electric-power Board duly constituted under the provisions of the Electric-power Boards Act, 1918 (hereinafter with its successors and assigns referred to as "the licensee"), to use electric lines for power, lighting, heating, or other uses within the Otago Electric-power District and outer area of such district as defined by Proclamation dated the twelfth day of October, one thousand nine hundred and twenty-three, and published in the *New Zealand Gazette* No. 74, of the eighteenth day of October, one thousand nine hundred and twenty-three, such electric lines at present proposed to be used being indicated on the plan marked P.W.D. 60343, and deposited in the office of the Minister of Public Works at Wellington, in the Wellington Land District.

SCHEDULE.

1. SYSTEM OF SUPPLY.

The system of supply shall be as described in paragraph (e) of clause 2 of the regulations.

Electrical energy shall be received in bulk from the Dunedin City Council at Port Chalmers at 11,000 and at or near Maungatua substation at 33,000 volts, or at 11,000 volts from a substation supplied from the Government's main transmission-line.

The transmission voltage shall be approximately 33,000 volts and 11,000 volts respectively between the phases so long as the supply of energy is received from the Dunedin City Council. The primary distribution voltage shall be approximately 6,600 volts between phases and the secondary distribution voltage shall be approximately 400 volts between phases and 230 volts between phase and neutral.

2. MAINTENANCE OF WORKS.

The licensee shall maintain the works used under this license in proper working-order during the continuance of such license.

3. DURATION OF LICENSE.

This license shall, unless sooner determined in accordance with the provisions hereinafter expressed, continue in force for a period of forty-two years from the date hereof. Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine, but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

4. CHARGES FOR ELECTRICAL ENERGY.

The charges for electrical energy shall not exceed 1s. per unit for lighting purposes, and 6d. per unit for motor-power, heating, or cooking purposes; provided that "lighting purposes" shall include the operation of motor generators for lighting purposes; and provided further that if accounts are paid within fourteen days after due date the charges shall not exceed 10d. per unit for lighting purposes and 4d. per unit for motor-power, cooking, and heating purposes.

In the case of wholesale supply the charge shall not exceed £16 per kilovolt-ampere per annum plus ½d. per unit. "Wholesale supply" for this purpose shall be held to be a supply in respect of which the consumer shall guarantee to pay not less than £180 per annum.

A minimum charge of 6s. per month, including meter-rent (if any) in boroughs and town districts, and 7s. 6d. per month, including meter rent (if any) in country districts may be collected if required by the licensee, and shall be printed on the licensee's conditions of supply.

5. LOCATION OF OVERHEAD LINES.

Notwithstanding anything hereinbefore contained, one side of every road or street shall be left free by the licensee for telegraph-lines. Lines shall not be erected on both sides of a road or street unless the permission of the Minister of Telegraphs or the Post and Telegraph Department is first obtained in accordance with clause 5 of the regulations. Except at crossing-places, the minimum separation between a telephone-line and poles carrying high or extra-high tension circuits shall be equal to the height of the taller pole.

6. ROUTES RESERVED FOR GOVERNMENT LINES.

The Board shall not, without the consent in writing of the Minister of Public Works, erect any electric lines along the routes of the Government main trunk transmission-lines.

7. CONVERSION OF LINES FROM EARTH-WORKING TO METALLIC.

Notwithstanding anything herein contained, the licensee shall bear the cost of converting the Railway or Post and Telegraph Department's lines which are now erected from earth-working to metallic if required by the Minister of Railways or the Minister of Telegraphs.

8. TELEGRAPH-LINES.

The licensee shall rectify to the satisfaction of the Minister of Railways or the Minister of Telegraphs any interference or disturbance caused by the erection or operation of the licensee's system that affects the satisfactory working of the telegraph-lines which are the property of the Railways Department or the Telegraph Department and which were erected prior to the licensee's lines.
