

Provided, however, that the occupier of property, and any one son or daughter of such occupier, may take or kill without license on such property during an open season imported or native game which may be taken in the acclimatization district in which such property is situated, or the occupier may in writing appoint one other person to shoot in his stead.

The fee for a license to take or kill both imported and native game is one pound (£1): Provided that in the Lakes District, Nelson, North Canterbury, Otago, and South Canterbury Acclimatization Districts a separate license to take or kill native game only may be issued at a fee of ten shillings (10s.); and a similar fee is payable in the case of the Ashburton, Southland, Waimate, and Waitaki Districts wherein native game only may be taken or killed during the present season; in the Grey District Acclimatization District a license is obtainable to take or kill imported game only—viz., hares—at a fee of ten shillings (10s.), and a license to take or kill native game only at a similar fee.

Section 15. Nothing in any license to take or kill imported game or native game shall authorize the holder thereof to take or kill imported game or native game on lands actually and exclusively used by any registered acclimatization society for acclimatization purposes, or on any sanctuary or public domain, or on any land excepted from the operation of the notification declaring an open season for the district.

Section 39. Except as otherwise expressly provided, nothing in any license or other authority under the Animals Protection and Game Act, 1921-22, shall entitle the holder thereof to enter upon any private land without the consent of the owner or occupier thereof, or upon any State forest or provisional State forest.
