

- (b) Power for inspection by the Minister and such officers as he appoints for that purpose, both during and after construction of all works, so as to ensure the provisions of the license being given due effect to and the law as regards safety of life and property being duly observed.
- (c) Power to the Governor-General in Council to impose fines, or suspend or cancel the license, for breach of any of its conditions.
- (d) A statement of the time during which the license is to be current, and whether or not any renewal of the same can be obtained, and on what terms.
- (e) A yearly rental charge of 1s. per kilowatt of maximum output generated during each and every year in the case of local authorities or Electric-power Boards, with a minimum charge of £10 per year; and in all other cases at the rate of 4s. per kilowatt of maximum output generated during each and every year, with a minimum charge of 5s. per year. The output shall be measured by means of an integrating watt-hour meter with maximum demand indicator attachment, otherwise it shall be determined on the maximum capacity of the generator or generators installed.
- (f) A schedule of maximum charges that may be made by the licensee for the sale or supply of electricity.
- (g) Power to the Governor-General in Council to forfeit, without payment of any compensation, any water delivered at the headworks or dam in excess of the quantity which the turbines installed are capable of utilizing.
- (h) Requiring the licensee to submit for the Minister's approval, before the works are commenced, detail plans of the dam, pipe-line, and headworks.
- (i) For all or any of the purposes prescribed by the regulations under section 319 of the Public Works Act, 1928, published in the *New Zealand Gazette* of the 11th July, 1927, or any regulations hereafter made in amendment thereof or in substitution thereof, and hereinafter collectively referred to as "the regulations," and which regulations shall be deemed to be incorporated herein.

6. Before the issue of a license the licensee shall deposit, by payment to the credit of the Receiver-General's Deposit Account at the Bank of New Zealand, Wellington, a sum of £1 per kilowatt for every kilowatt authorized to be used, but not exceeding a maximum deposit of £500, and forward bank receipt to the Minister. Such deposit shall be retained by the Receiver-General, without payment of interest, until the licensee produces a certificate under the hand of an officer appointed by the Minister to the effect that the licensee has duly and properly constructed and installed on the premises the whole of the hydraulic and electrical installations authorized by the license.

7. In order to standardize the conditions as far as possible throughout the Dominion, it is suggested that when convenient the three-phase four-wire system be adopted for distribution at a frequency of 50 cycles per second, and a voltage of 230 between each phase and a neutral for lighting purposes and small motors, and 400 volts between phases for supply to large motors.

E. A. RANSOM, Minister of Public Works.

Motor-vehicles Act, 1924.—Disallowance of Part of Hutt Road Amendment By-law, 1929.

IN terms of section 25 of the Motor-vehicles Act, 1924, I, William Andrew Veitch, for the Minister of Public Works, do hereby disallow the following part of the Hutt Road Amendment By-law, 1929:—
