Convention between the United Kingdom and Germany respecting Legal Proceedings in Civil and Commercial Matters.

Department of Justice,
Wellington, 13th November, 1929.

IT is hereby notified for general information that the Convention between the United Kingdom and Germany regarding Legal Proceedings in Civil and Commercial Matters, signed at London on the 20th March, 1928, and in respect of which ratifications were exchanged at Berlin on 15th February, 1929, has been extended to the Dominion of New Zealand and to the mandated territory of Western Samoa, pursuant to the provisions of Article 17 of the said Convention, as from the 1st day of January, 1930.

The Registrar of the Supreme Court of New Zealand, at Wellington, and the Registrar of the High Court of Samoa will act as the authorities to whom judicial and extra-judicial documents and "Letters of Request" should be addressed in New Zealand and Western Samoa respectively, and it is requested that communications and translations may be made in the English language.

The text of the said Convention is set out hereunder.

THOMAS M. WILFORD, Minister of Justice.

CONVENTION.

His Majesty the King of Great Britain, Ireland, and the British Dominions beyond the Seas, Emperor of India, and the President of the German Reich, being desirous to facilitate the conduct of legal proceedings between persons resident in their respective territories, have resolved to conclude a Convention for this purpose and have appointed as their Plenipotentiaries—

His Majesty the King of Great Britain, Ireland, and the British Dominions beyond the Seas, Emperor of India:—

For Great Britain and Northern Ireland, all British Colonies and Protectorates and territories under His suzerainty and all mandated areas administered by His Government in Great Britain—

The Right Honourable Sir Austen Chamberlain, K.G., M.P., His Majesty's Principal Secretary of State for Foreign Affairs:

The President of the German Reich—

His Excellency Dr. Friedrich Sthamer, Ambassador Extraordinary and Plenipotentiary of the German Reich in London;

who, having communicated their full powers, found in good and due form, have agreed as follows:—

I.—PRELIMINARY.

Article 1.

This Convention applies only to civil and commercial matters including non-contentious matters.

II.—SERVICE OF JUDICIAL AND EXTRA-JUDICIAL DOCUMENTS.

Article 2.

When judicial or extra-judicial documents drawn up in the territory (to which this Convention applies) of one of the Contracting Parties are to be served on persons, partnerships, corporations, or companies in the territory (to which this Convention applies) of the other, such documents may, without prejudice to the provisions of Articles 6 and 7 hereof, be served on the recipient in either of the ways provided in Articles 3 and 5.

Article 3.

(a) The request for service shall be transmitted:

In England by a German diplomatic or consular officer to the Senior Master of the Supreme Court of Judicature in England.

In Germany by a British consular officer to the President of the German "Landgericht."

(b) The request, containing the name of the authority from whom the document transmitted emanates, the names and descriptions of the parties, the address of the recipient and the nature of the document in question shall be drawn up in the language of the country in which the documents are to be served. If in a particular case the judicial authority applied to shall express a desire to that effect to the diplomatic or consular officer by whom the request is transmitted, such officer shall furnish a translation of the document to be served.

(c) Service shall be effected by the competent authority of the country applied to. Such authority, except in the cases provided for in paragraph (d) of this article, may limit his action to effecting service by the transmission of the document to the recipient if he is willing to accept it.

(d) If the document to be served is drawn up in the language of the country applied to, or is accompanied by a translation in that language, the authority applied to (should a wish to that effect be expressed in the request) shall serve the document in the manner prescribed by the law of his own country

for the service of similar documents or in a special form which is not incompatible with such law.

(e) The translation provided for in this article shall be certified as correct by a diplomatic or consular officer of the Contracting Party making the request or by an official or sworn translator of one of the two countries concerned.

(f) The execution of the request for service can only be refused if the Contracting Party in whose territory it is to be effected considers it such as to compromise his sovereignty or safety.

(g) The authority who receives the request shall send to the diplomatic or consular officer by whom it was transmitted the document proving the service or explaining the reason which has prevented such service. Proof of service shall be furnished by a certificate from the authority of the country applied to setting forth the fact, the manner and date of such service. If any document to be served is transmitted in duplicate, the certificate of service shall be placed on one of the duplicates or attached thereto.

Article 4.

No fees of any description shall be payable by one Contracting Party to the other in respect of the service.

Nevertheless, in the cases provided for in Article 3, the Contracting Party making the request must pay to the other Contracting Party any charges and expenses which are payable under the local law to the persons employed to effect service and any charges and expenses incurred in effecting service in a special manner. These charges and expenses shall be such as are usually allowed in such cases in the Courts of the Contracting Party applied to. Repayment of these charges and expenses shall be claimed by the judicial authority by whom the service has been effected when sending the certificate provided for in Article 3 (g) to the diplomatic or consular officer by whom the request was transmitted.

Article 5.

The document to be served may also be served on the recipient, unless he is a subject or citizen of the Contracting Party in whose territory the document is to be served, without the intervention of the authorities of the country in which service is to be effected:—

(a) By a diplomatic or consular officer of the Contracting Party from whose territory the document emanates; or

(b) By an agent appointed, either generally or in any particular case, by a tribunal of the country from which the document emanates, or by the party on whose application the document was issued, provided that the validity of any service effected by any such agent shall, in the Courts of the country where such service is effected, be determined by the law of that country.

Article 6.

Documents may also be transmitted by post in cases where this method of transmission is permitted by the law of the country from which the document emanates.

Article 7.

The provisions of Articles 2, 3, 4, 5, and 6 do not prevent the persons concerned from effecting service directly through the competent officials or officers of the country in which the document is to be served.

III.—TAKING OF EVIDENCE.

Article 8.

When a Court in any territory (to which the Convention applies) of one of the Contracting Parties orders that evidence should be taken in any territory (to which this Convention applies) of the other Contracting Party, this may be done in any one of the ways prescribed in Articles 9, 11, and 12.

Article 9.

(a) The Court may, in accordance with the provisions of its own law, address itself by means of "Letters of Request" to the competent authority of the other Contracting Party, requesting it to take the evidence within its jurisdiction.

(b) The "Letters of Request" shall be drawn up in the language of the authority to whom they are addressed, or be accompanied by a translation in such language, certified as correct by a diplomatic or consular officer of the Contracting Party making the request, or by an official or sworn translator of one of the two countries concerned.

(c) The "Letters of Request" shall be transmitted—

In England by a German diplomatic or consular officer to the Senior Master of the Supreme Court of Judicature in England;

In Germany by a British consular officer to the President of the German Landgericht.

(d) It shall be incumbent upon the judicial authority to whom the "Letters of Request" are addressed to give effect thereto by the use of the same compulsory measures as are employed in the execution of a commission or order emanating from the authorities of his own country.

(e) The diplomatic or consular officer by whom the "Letters of Request" are transmitted shall, if he so desires, be informed of the date and place where the proceedings will take place, in order that the interested party or parties may be able to be present, or to be represented.

(f) The execution of the "Letters of Request" can only be refused—

- (1) If the authenticity of the "Letters of Request" is not established;
- (2) If in the country where the evidence is to be taken, the execution of the "Letters of Request" in question does not fall within the functions of the Judiciary;
- (3) If the Contracting Party applied to considers that his sovereignty or safety would be compromised thereby.

(g) In case the authority to whom they are addressed is without jurisdiction, the "Letters of Request" shall be forwarded without any further request to the competent authority of the same country in accordance with the rules laid down by its law.

(h) In every instance where the "Letters of Request" are not executed by the authority to whom they are addressed, the latter will at once inform the diplomatic or consular officer by whom the "Letters of Request" were transmitted, stating the grounds on which the execution of the "Letters of Request" has been refused, or the judicial authority to whom they have been forwarded.

(i) The authority which executes the "Letters of Request" will apply, so far as the procedure to be followed is concerned, the law of his own country.

Nevertheless, an application by the authority making the request that some special procedure may be followed shall be acceded to, provided that such procedure is not incompatible with the law of the country applied to.

Article 10.

No fees of any description shall be payable by one Contracting Party to the other in respect of the execution of any "Letters of Request."

Nevertheless, the Contracting Party making the request shall repay to the other Contracting Party any charges and expenses payable to witnesses, experts, interpreters, or translators, the costs of obtaining the attendance of witnesses who have not appeared voluntarily, and the charges and expenses payable to any person whom the competent judicial authority may have deputed to act in cases where his municipal law permits this to be done, and any charges and expenses incurred by reason of a special procedure being requested and followed.

The repayment of these charges and expenses may be claimed by the judicial authority by whom the "Letters of Request" have been executed, when sending to him the documents establishing their execution, from the diplomatic or consular officer by whom they were transmitted. These charges and expenses shall be such as are usually allowed in such case in the Courts of the country where the "Letters of Request" have been executed.

Article 11.

(a) The evidence may also be taken without the intervention of the authorities of the country in which it is to be taken, by a diplomatic or consular officer of the Contracting Party before whose Courts the evidence is to be used:

Provided that this Article shall not apply to the taking of evidence of subjects or citizens of the Contracting Party in whose territory it is to be taken unless and until the German Government, at any time, by a notification* given through their Ambassador in London, signify their consent to the Article being so applied, in which case this Article shall, as from the date of such notification, apply to such subjects or citizens if they consent to their evidence being so taken.

(b) The diplomatic or consular officer appointed to take the evidence may request named individuals to appear as witnesses or to produce any document, and shall have power to administer an oath, but he shall have no compulsory powers.

(c) The evidence may be taken in accordance with the procedure laid down by the law of the country in which the evidence is to be used, and the parties shall have the right to be present and to be represented by counsel or solicitors of that country, or by any person competent to appear before the tribunals of either country.

* This notification was made by the German Ambassador on the 15th February.

Article 12.

(a) The competent Court of the Contracting Party applied to may also be requested to cause the evidence to be taken by a diplomatic or consular officer of the Contracting Party making the request.

The Court applied to shall, in the case of subjects or citizens of the Contracting Party making the request, take the necessary steps to secure the attendance of and the giving of evidence by witnesses and other persons to be examined, and the production of documents, making use, if necessary, of its compulsory powers.

(b) The person thus nominated shall have power to administer an oath. The evidence shall be taken in accordance with the law of the country in which it is to be used, and the parties shall have the right to be present in person or represented by counsel or solicitors of that country or by any persons who are competent to act before the Courts of either country.

Article 13.

The fact that an attempt to take evidence by the method laid down in Article 11 has failed owing to the refusal of any witnesses to appear or to give evidence, or to produce documents does not preclude an application being subsequently made in accordance with Articles 9 or 12.

Article 14.

The subjects or citizens of one Contracting Party shall enjoy in the territories (to which the Convention applies) of the Contracting Party a perfect equality of treatment as regards free judicial assistance for poor persons and imprisonment for debt, and, provided that they are resident in any such territory, shall not be compelled to give security for costs in any case where a subject or citizen of such other Contracting Party would not be so compelled.

IV.—GENERAL PROVISIONS.

Article 15.

Any difficulties which may arise in connection with the operation of this Convention shall be settled through the diplomatic channel.

Article 16.

The present Convention, of which the English and German texts are equally authentic, shall be subject to ratification. Ratifications shall be exchanged at Berlin and the Convention shall come into force one month after the date on which ratifications are exchanged, and shall remain in force for three years after the date of its coming into force. In case neither of the Contracting Parties shall have given notice to the other six months before the expiration of the said period of three years of his intention to terminate the Convention, it shall remain in force until the expiration of six months from the day on which either of the Contracting Parties shall have given such notice.

Article 17.

(a) The present Convention shall not apply *ipso facto* to Scotland or Northern Ireland, nor to any of His Britannic Majesty's Colonies or Protectorates nor to any territories under his suzerainty, nor to any mandated areas administered by his Government in Great Britain, but His Britannic Majesty may at any time, by a notification given through His Majesty's Ambassador at Berlin, extend the operation of this Convention to any of the above-mentioned territories.

(b) Such notification shall state the date on which such extension shall come into force, the authorities in the territory concerned to whom judicial and extra-judicial documents and "Letters of Request" are to be transmitted, and the language in which communications to such authorities and translations should be made. The date of the coming into force of any such extension shall not be less than one month from the date of such notification.

(c) Either of the Contracting Parties may, at any time after the expiry of three years from the coming into force of the extension of this Convention to any of the territories referred to in paragraph (a) of this Article, terminate such extension on giving six months' previous notice.

Article 18.

(a) His Britannic Majesty may at any time, by a notification given through his Ambassador at Berlin, accede to the present Convention in respect of any of his self-governing Dominions or India. The provisions of Article 17 (b) shall be applicable to any such notification. Any such accession shall take effect one month after the date of its notification.

(b) After the expiry of a period of three years from the date of the coming into force of any accession under paragraph (a) of this Article, either of the Contracting Parties may, by giving six months' notice, terminate the application of the

Convention to any country in respect of which such notification of accession has been given. In the absence of such notice, the termination of the Convention under Article 16 shall not effect its application to any such country.

(c) Any notification made under paragraph (a) of this Article may include any dependency or mandated area administered by the Government of the country in respect of which the notification of accession is given; and any notice of termination given under paragraph (b) shall apply to any such dependency or mandated area which was included in such notification of accession.

In witness whereof the respective Plenipotentiaries have signed the present Convention and have affixed thereto their seals.

Enclosed herewith the prospectus of _____ for your perusal, and should you wish to make an application or obtain further information would you please consult the broker with whom you usually do business, or any member of a Stock Exchange.

Every prospectus of a mining company must be accompanied by a report on the property by a disinterested and qualified person approved by the Exchange to which the prospectus is submitted.

No Exchange shall give its consent to a prospectus of any new company that will not have its registered office in that Exchange's territory, without first obtaining the consent of the Exchange in whose territory the registered office is to be; such consent, however, is not to be unreasonably withheld. This rule is to apply to any new flotation irrespective of where the advertisements or circulation of the prospectuses are to take place.

Rules 42A and 42B: That 42A be altered to read—

"No further applications for membership of any of the four Metropolitan Exchanges shall be considered where the applicant is carrying on a business to which stock or sharebroking is secondary except in the case of successors to existing members."

That Rule 42B be altered by one word only, viz. :—

That in the last line the word "members" should be altered to "companies."

Add to Rule 60 :—

"That members shall not be restricted to dealing only with their own clients in all flotations of shares or debentures by a new proposed company, the prospectus of which has been approved by an Exchange."
