23. All meeting houses shall be provided with sufficient privy accommodation for each sex to the satisfaction of the Medical Officer of Health or Director of Maori Hygiene. 24. No sweepings or rubbish shall be deposited under the floor of the meeting-house. 25. The Committee shall direct the carrying-out of any

25. The committee shall direct the carrying-out of any necessary alterations or additions under these by-laws, and in the event of the owner or persons concerned in the meeting-house refusing to carry out such alterations or additions such meeting-house may be closed down until the by-laws are complied with.

(C) DRAINAGE.

26. The Council shall make such by-laws regarding drainage to suit the particular circumstances of their district as the Medical Officer of Health or the Director of Maori Hygiene approve.

(D) NUISANCES.

27. No night-soil, refuse, or offensive rubbish shall be cast or deposited or allowed to flow into any spring, stream, or watercourse that flows through or past a Maori kainga, and which is used as a water-supply by the inhabitants of such kainga or other kainga on the banks of such stream or near such spring.

such spring.
28. No person who is the owner or occupier of any premises within a Maori kainga shall permit or suffer any night-soil or refuse or any offensive rubbish or matter of any kind whatever to accumulate or remain or be in or upon such premises so as to be injurious or dangerous to health or as to cause an offensive smell.
29. No horses, eattle, sheep, dogs, or other animals shall be buried within a Maori kainga.
30. No person shall throw or leave any dead animals on any property within a Maori kainga whereby any offensive smell is or is likely to be created.
31. Every person who commits a breach of any of the

31. Every person who commits a breach of any of the By-laws 27, 28, 29, and 30 shall be liable to a penalty not exceeding 10s.

(E) KEEPING OF ANIMALS.

(E) KEEPING OF ANIMALS. 32. No person shall keep or allow any pigs to run loose within a Maori kainga, nor in any case to keep them so as to be a nuisance or injurious to health, nor in such a manner as to polluto any water used or likely to be used by man for drinking or domestic purposes or for use in a dairy; nor shall any person after the coming into force of this by-law, permit to remain any pigsty at a less distance than 150 ft. from any house or building used as a dwellinghouse or school, or any buildings within which food intended for human con-sumption is prepared or stored, or at a less distance than sumption is prepared or stored, or at a less distance than 50 ft. from any road or the boundary of any occupied neighbouring property.

(F) PRIVIES.

Regulating all Privies.

33. The owner or occupier of every dwellinghouse shall

provide the same with a privy. 34. Every person who shall construct a privy in connection with a building shall construct such privy at a distance of 10 ft. at least from any living-room or any room where food-stuff is intended to be stored.

35. It shall be an offence for any person who shall construct a privy in connection with a building to construct such privy within a distance of 40 ft. from any well, spring, or stream of water used or likely to be used by man for drinking or domestic purposes, or otherwise in such a position as to

render any such water liable to pollution. 36. Every privy shall in all respects be well and substan-tially erected. It shall be provided with a sufficient opening for ventilation as near the top as practicable, and communi-cation directly with the external air. It shall be enclosed on

(a) Every person who shall construct a pan-privy in connection with a building shall construct a pan-privy in connection with a building shall construct such privy in such a manner and in such a position as to afford ready means of access to such privy for the purpose of cleaning such privy and of removing filth therefrom.
(b) The cost of a peop privy and of removing filth therefrom.

(b) The seat of a pan-privy, the aperture in such seat, and the space beneath such seat shall be of such dimensions

- as to admit of a movable receptacle for nightsoil of a capacity of not less than one cubic fort being placed and fitted beneath such seat in such a manner and such a position as may effectually prevent the deposit upon the floor or sides of the space beneath such seat or elsewhere than in such receptacle, of any filth which may from time to time fall or be cast through the aperture of such seat.
- (c) The seat of such pan-privy shall be so constructed that the whole of such seat or a sufficient part thereof the whole of such seat or a sufficient part thereof may be readily moved or adjusted in such a manner as to afford adequate access to the space beneath such seat for the purpose of cleansing such space or removing therefrom or placing or fitting therein the appropriate receptacle.

(d) The receptacle in any pan-privy shall be constructed of such material and in such a manner as to prevent of such material and in such a manner as to prevent any escape by leakage or otherwise of any part of the contents of such receptacle. The aperture of the seat shall be provided with a cover, which must be kept over the aperture when the seat is not in use. 37. The occupier of the premises on which any privy is situated shall keep such privy in a good state of repair and in a thoroughly clean and sanitary condition.

38. The owner or occupier of any premises in connection with which a privy has been erected shall use or cause to be used a sufficient quantity of dry earth or sawdust or ashes so that the excrement shall be so covered that no nuisance shall arise therefrom.

Regulating Pan-privies.

- - (b) The seat of a pan-privy, the aperture in such seat, and space beneath such seat shall be of such dimensions as to admit of a movable receptacle for night-soil of a capacity of not less than one cubic foot being placed and fitted beneath such seat in such a being placed and fitted beneath such seat in such a manner and in such a position as may effectually prevent the deposit upon the floor or sides of the place beneath such seat or elsewhere than in such receptacle of any filth which may from time to time fall or be passed through the aperture of such seat.
 (c) The seat of such pan-privy shall be so constructed that the whole of such seat or a sufficient part thereof may be readily removed or adjusted in such a manner as to afford adequate access to the space beneath such
 - to afford adequate access to the space beneath such seat for the purpose of cleansing such space, or re-moving therefrom or placing or fitting therein the appropriate receptacle.
 - (d) The receptacle in any pan-privy shall be constructed of such material and in such a manner as to prevent any escape by leakage or otherwise of any part of the contents of such receptacle. The aperture of the seat shall be provided with a cover which must be kept over the aperture when the seat is not in use.

40. The occupier of every house shall cause the pans of all pan-privies used in connection with such house to be emptied and properly cleaned at least once in every week, and in any

and properly cleaned at least once in every week, and in any case so frequently as to prevent overflow. 41. It shall not be lawful for any person to bury night-soil otherwise than in a pit or trench in such a manner and to such a depth as to provide that it shall have a covering of earth of at least 6 in. when the pit or trench is closed. 42. No nightsoil shall be buried within 50 ft. of any dwelling or within 60 ft. of any well. A pit may be used instead of a movable receptacle, provided such pit does not communi-cate directly with subsoil water. The aperture of the seat shall be provided with a cover, which must be kept over the aperture when the seat is not in use. The seat and walls surrounding the space below the seat shall be made fly proof. In no case shall the height of the excreta within the pit be allowed to rise within 6 in. of the surface of the ground.

Regulating Pit-privies.

43. On the authority of the Director of Maori Hygiene or of a Medical Officer of Health or of any Inspectors appointed by the Department of Health, a privy may be provided with a pit for the reception of faecal matter in place of a pan, but such pit shall not be so placed as to endanger the purity of any stream, spring, or well, and shall be at least 30 ft. from any dwelling or place in which food is stored. 44. The pit of every pit-privy shall be covered by a seat so constructed as to prevent the access of flies to such pit and for this purpose the aperture of the seat shall be provided with a cover which must be in place when the privy is not in use.

use.

45. The pit of every pit-privy shall be covered in with clean earth before the faccal matter therein rises to within 12 in. of the surface of the ground, and the privy shall be thereafter moved.

(G) INFECTIOUS DISEASES.

46. Where the Medical Officer of Health or the Director of Maori Hygiene notifies an infectious disease exists in a village or district, no hui, gathering, or tangi shall be held until such time as the village or district is declared clean of the disease. 47. Where an infectious disease has been notified in a village or district, the Committee shall render every possible assistance to Native School teachers, Native nurses, Sanitary Inspectors, Medical Officers, or Health Officers in the early
