Provided that the requirements of paragraph (f) of this clause shall not apply to signs of Class A.

(19) In every district or part of a district where a system of street-lighting is in existence the local authority shall cause a street-lamp or other lamp to be placed in such a position as adequately to illuminate the face of every traffic sign maintained by any competent controlling authority which refers to conditions normally requiring extra caution after dark as well as by day, or only after dark, and shall cause such lamp to be kept alight during the time in which street-lamps in the locality are for the time being usually kept alight.

(20) No local authority shall erect or maintain, or cause or permit to be erected or maintained, or to be on any road or in any place visible from a road any traffic sign in any of the forms hereinbefore described which is not used solely for denoting some matter or conveying some information hereby authorized to be denoted or conveyed by means of traffic signs.

(21) No person shall, except in the capacity of an employee of the controlling authority, erect or maintain, or cause or permit to be erected or maintained, or to be on any road or in any place visible from a road, any traffic sign, unless authorized thereto by writing under the seal of the controlling authority (being a corporate body) or in writing duly verified by the controlling authority (not being a corporate body) having control of such road.

(22) No person shall erect or maintain, or cause or permit to be erected or maintained, or to be on any road or in any place visible from a road, any sign, device, or object liable to be mistaken for a traffic sign of any of the forms hereinbefore described.

(23) Save with the consent in writing of the Minister, no person shall cause or permit his name, or the name of any business carried on by him, or the name of any wares dealt with by him, to be displayed on a sign which is so erected or maintained that its erection or maintenance constitutes a breach of any provision of this regulation :

Provided that it shall be a defence to any person charged with an offence against this clause if such person proves that the sign was erected and maintained without his knowledge, or that before the date of the offence he gave notice in writing to the occupier of the land on which the sign is erected requiring such occupier forthwith to remove the sign.

(24) No person shall remove, mutilate, obscure, or in any manner damage or interfere with any traffic sign erected under this regulation.

(25) It shall be a defence to any person charged with driving a motor-vehicle at a speed in excess of a speed-limit imposed under clause (4) of Regulation 15 hereof if such person proves that at the time and place of the alleged offence the traffic signs required by clause (13) hereof were not duly erected and maintained.

(26) All signs or signals relating (whether exclusively or not) to the guidance of motor traffic and operated by or through mechanism shall, if erected after the 1st day of June, 1933, be of a type approved by the Minister.

(27) Save as hereinbefore provided, the provisions of this regulation shall apply as well to signs of a temporary nature as to those erected in a permanent manner.

(28) Notwithstanding anything to the contrary in this regulation, traffic signs (hereinafter referred to as "lighthouse signs") of the type in which the warning is conveyed partly by a flashing lamp or light, or by a reflector, and partly by appropriate words or approved symbols, or both, may, if they conform to the following description and requirements, be used in addition to the traffic sign of Class A and in substitution for the traffic signs of Classes B and C under this regulation.

(29) Only clauses (17), (18), (21), (22), (23), and (24) of this regulation shall apply to lighthouse signs.

(30) The symbol to be used in a lighthouse sign to denote the proximity of a railway level crossing shall be the letters "R.R." No other symbol shall be used in a lighthouse sign unless the symbol is already approved by the Minister for use for traffic signs by notice published in the *Gazette*.

(31) Lighthouse signs shall be substantially in the form of the diagram in the Third Schedule hereto, and shall be of the measurements indicated and of the colouring described in the said Schedule.

(32) Where a lighthouse sign is proposed to be erected by any person authorized thereto by the controlling authority pursuant to clause (21) of this regulation, no such authorization shall have any force unless given by an agreement in writing (the terms of which are approved in writing by the Minister) made between the controlling authority and such person.

(c) The foregoing particulars shall have been verified by the signature in the register of the person to whom delivery is given.

(3) If delivery of a motor-vehicle be given elsewhere than at the garage-proprietor's place of business, it shall be sufficient compliance with this regulation if the foregoing particulars and signature be taken on a detached paper and affixed in the register at some time on the same or the following day.

(4) Every garage-proprietor shall, whenever required so to do, produce his register for inspection or copying by any Police Officer or Traffic Inspector, and on ceasing to make further entries in any volume of his register, shall deliver the same for custody for one year, and subsequent destruction, to the officer in charge of the police-station nearest to his place of business.

(5) This regulation shall not apply to any case in which the garage-proprietor supplies a driver for the motor-vehicle and it is not intended that the motor-vehicle should be driven during the period of hiring by any person other than the driver so supplied.

(6) This regulation shall not apply to any case in which a motor-vehicle is hired under a hire-purchase agreement or for a period exceeding one month.
