Upon the expiry of the said term, or upon the sooner determination of this license, by revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine, but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

7. RENTAL.

The licensee shall in respect of this license pay to the District Electrical Engineer, Public Works Department, Dunedin, a yearly rental at 4s. per kilowatt of maximum output generated during each and every year from 1st April, 1932 with a minimum of 18s. per annum. The present plant is rated at 4½ kilowatts, direct current.

8. GRANTING OF OTHER WATER-RIGHTS.

Nothing herein shall prevent the Governor-General in Council from granting to any person or body corporate other than the licensee a license to take water from any portion of the said stream, except at the place where the licensee is by this license empowered to take it: Provided that no such license shall so operate as to enable such person or body corporate to reduce the natural fall between the headworks and tail-water, or the volume of the water which the licensee is by this license authorized to take from the said stream.

9. VARIATION IN CONDITIONS OF LICENSE.

The terms and conditions of this license may from time to time, at the request or with the consent in writing of the licensee, be altered by the Governor-General by Order in Council.

The system of supply shall be as described in paragraph (c) of clause 5 of the Electrical Supply Regulations, 1927.

The generating voltage shall be 230 volts between terminals.

12. CROWN NOT LIABLE TO PAY COMPENSATION.

(a) Nothing in this license shall be held to impose any liability upon His Majesty the King or upon the Government of New Zealand to pay compensation to any person, corporate body, or local authority by reason of the exercise by the licensee of the authority hereby granted; but the licensee shall be liable for any loss or damage which any person, corporate body, or local authority may sustain as the result of the exercise by the licensee of any of the powers granted by this license.

(b) Nothing herein shall be held to constitute a lease from the Crown of the bed of the stream shown on the said plan, nor shall the provisions of Part IX of the Property Law Act, 1908, apply to this license.

13. RAILWAYS AND TELEGRAPH LINES.

The licensee shall rectify to the satisfaction of the Government Railways Board or the Minister of Telegraphs, as the case may be, any interference or disturbance caused by the erection or operation of the licensee's system that affects the satisfactory working of telegraph-lines which are the property of the Railways Department or the Telegraph Department, and which were erected prior to the licensee's lines.

14. DEFAULT.

If the licensee fails or neglects to observe any of the conditions or obligations imposed by this license, then and in any such case the provisions of clauses 229 and 230 of the Electrical Supply Regulations, 1927, shall apply to the breach of any such condition or obligation.

15. ALTERATIONS TO WORKS.

In the event of the licensee at any time desiring to make alterations to the works involving a departure from the location or type of construction shown on the approved plans, he shall first submit for the Minister's approval plans showing such new location and [or] type of construction as it is proposed to adopt, and, with such approval, the alterations may be carried out.

16. INSPECTION OF WORKS.
