Authorizing the Minister of Public Works to construct and maintain Water-supply Works in the Downlands Water-supply District.

GALWAY, Governor-General.

ORDER IN COUNCIL.

At the Government House at Wellington, this 8th day of December, 1937.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS it is provided by section two hundred and seventy-four of the Public Works Act, 1928 (hereinafter called "the said Act") that the Governor-General may, if he thinks fit, by Order in Council, authorize the Minister of Public Works to construct, maintain, or control any water-race or water-supply works, either within or outside a mining district, which are proposed to be constructed or which have been constructed out of funds provided by Parliament:

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the powers conferred by the above-in-part-recited Act, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby authorize the Minister of Public Works to construct, maintain, and control the water-supply works described in the First Schedule hereto, and doth hereby also define the district to be served by such water-supply works as set out in the Second Schedule hereto, and herein referred to as the Downlands Water-supply District.

FIRST SCHEDULE.

THE Downlands Water-supply Works, to provide a water-supply to the Downlands Water-supply District (described in the Second Schedule hereto) by means of water drawn from the Tengawai River and from any dam or dams which are or may be constructed on the said river or its tributaries, such water being conveyed into the said district by a pipe-line

known as the Downlands Water-supply Pipe Line, and by any enlargement or extension thereof or by any other pipe line or lines constructed or acquired by the Minister of Public Works in addition to or in lieu of the said Downlands Water-supply Pipe Line and any enlargement or extension thereof; the said works, including all dams, weirs, reservoirs, tunnels, fluming, syphons, piping, gauge-boxes, break-pressure tanks, valves, bridges, pumps, spillways, regulating-gates, hydrants, meters, and all other works incidental to or required for the construction, maintenance, and control of the said works to provide a water-supply to the said Downlands Water-supply District.
