The Aerial Work Services Standard Terms and Conditions Order 1976

WHEREAS by section 26A of the Air Services Licensing Act 1951, the Air Services Licensing Authority has made an order prescribing terms and conditions applicable to licences to carry on classes of aerial work services specified in the order.

And whereas it is provided in subsection (9) of the said section 26A that every such order of the Air Services Licensing Authority shall be published in the *New Zealand Gazette*.

Now, therefore, the Air Services Licensing Authority, pursuant to section 26A of the said Act and any other powers in that Act in that behalf enabling hereby, notifies that order.

ORDER

1. This order may be cited as the Aerial Work Services Standard Terms and Conditions Order 1976.

2. The order prescribing standard terms and conditions for aerial work services, dated 31 October 1972, and amendments thereto* are hereby revoked.

3. Unless otherwise ordered by the licensing authority, in respect of a particular licence, the following terms and conditions shall apply to the extent indicated to licences to carry on aerial work services of the classes specified:

(a) Aerial Topdressing Service by Fixed-Wing Aircraft:

In each licence to carry on such a service the licensing authority shall specify the maximum fleet payload which may be used for Category I Aircraft and/or the maximum fleet payload which may be used for Category II aircraft. The licensee may use any number of fixed-wing aircraft of the appropriate category but the aggregate payload of the aircraft within the category shall not exceed the specified maximum fleet payload for the category.

(b) Aerial Topdressing Service and Miscellaneous Aerial Work Service by Rotary-Wing Aircraft; Aerial Liquid Topdressing Service and Aerial Spraying Service by Fixed-Wing and Rotary-Wing Aircraft:

In each licence to carry on any such service the licensee may use such number (but no more than the number) and such types or categories of aircraft as are specified in the licence for the particular service.

(c) Replacement of Aircraft:

(i) The holder of a licence to carry on an aerial topdressing service with fixed-wing aircraft, in which a maximum fleet payload is specified, may replace any aircraft of a specified category used in such a service with another aircraft of that specified category, provided that the aggregate payloads of the aircraft thereafter used in that category shall
